

**CERTIFICATE OF CONFORMITY  
TOYS SAFETY**

We hereby state that the solid board grades **Luxline, Printline, and Puzzleline** supplied by:

**SOLIDUS SOLUTIONS Board B.V – Hoofdstraat 34 – 9693 AH Bad Nieuweschans – The Netherlands**

comply with:

- The safety of toys requirements of the Directive 2009/48/EC of 18 June 2009 modified by the regulation (EU) No 681/2013 of 17 July 2013, précised in the EN 71-3 standard, for the limits of scraped-off toy material,
- The EN 71-9 standard relative to some organic chemical compounds.

The presence of the substances and their compounds listed hereafter is below the required limits.

- |               |                                      |
|---------------|--------------------------------------|
| • Aluminium   | • Manganese                          |
| • Antimony    | • Mercury                            |
| • Arsenic     | • Nickel                             |
| • Barium      | • Selenium                           |
| • Boron       | • Strontium                          |
| • Cadmium     | • Tin                                |
| • Chromium    | • Zinc                               |
| • Chromium VI | • Colorants (non-approved dyestuffs) |
| • Cobalt      | • Primary aromatic amines            |
